

List of Figures

S. No.	Particulars	Page No.
1.1	Annual GDP Growth Rate of India (%)	2
1.2	Global Energy Consumption percentage sector-wise	5
1.3	Global Energy Consumption percentage country-wise	6
1.4	Indian Energy Consumption percentage sector-wise	7
1.5	Distribution of proved reserves in 1994, 2004, 2014	9
1.6	Global Natural Gas Production (%)	9
1.7	Global Natural Gas Consumption (%)	10
1.8	Energy consumption in India (%)	12
1.9	Natural Gas Production & Consumption Comparison	13
1.10	Reduction of aggregate pollutants since 1991 (4 wheelers)	18
1.11	CNG vehicles growth forecast	20
1.12	CGD in India snapshot	39
1.13	CGD network schematic	40
1.14	Pressure reduction in CGD	40
1.15	Layout of natural gas market in U.S	42
1.16	Business model of China gas	48
2.1	Type of Gas Storages	55
2.2	Depleted Gas Field	58
2.3	Storage cost schematic	59
2.4	Aquifers	60
2.5	Salt Caverns	61
2.6	Combined diagram of underground gas storage types	63
2.7	Leffer Waterless Gas holder	65
2.8	M/s China gas NG Horton spheres	67
2.9	Cubic Doughnut Tank System	69
2.10	LNG Storage Tanks at PLL Plant	70
2.11	Vehicle for LNG transport	73
2.12	Line Pack Gas Storage	74
3.1	Gas storage locations in US map	80
3.2	Storage facilities Gazprom	86
3.3	Padur Crude Storage	91
3.4	Henry Hub NG Spot price variation	92
3.5	NYMEX NG Spot price variation	93
3.6	International Natural Gas Price Fluctuations	125
3.7	APM Price variation India (\$/mmbtu)	126

4.1	Research Design Procedure	129
4.2	Research Model	132
4.3	Research Methodology for Objective-1	133
4.4	Research Methodology for Objective-2	134
5.1	Scree plot from SPSS Software Analysis	151
5.2	Response Analysis for qualitative questions (%)	168
6.1	Barriers and their mitigation	175
6.2	Snapshots of coding of focus group interview	178
6.3	Network view of codes with Labels	179
6.4	Suggestive Framework	180
6.5	Monetizing Gas Storage in India – Schematic	182
6.6	Theoretical Premises – Schematic	189
