2. **Bir Machine Tools** – a cash rich company market which is leader in its field of cutting tools. Operating in a market with a steady market growth rate of about six percent
3. **Bir Tyres-** a minor player in a market crowded by MNC's and big names. The otherwise stagnant market has shown a slight growth in the present year, due to boom in the automobile sector.

Bir International

This division looks after the exports of the group and has two SBUs under it.
